Easing of liquor policy for GIFT City to boost hospitality, investments

ANEeka CHATTERJEE
Bangaluru, 23 December

As Gujarat positions Gujarat International Finance Tec-City (GIFT City) as India's global financial hub, the state government has further eased liquor consumption rules within the enclave, signalling a pragmatic shift aimed at attracting multinational firms and investments, and ensuring hospitality growth.

The latest move removes one of the key friction points for visitors, temporary liquor permits, while allowing licensed hotels and restaurants operational flexibility. Industry stakeholders see the changes as part of a broader effort to align GIFT City's social and business environment with international expectations.

Anant S Iyer, director general of the Confederation of Indian Alcohol Beverage Companies (CIABC), said the relaxation would help attract global companies and professionals. "When we talk about India integrating into a global village, we need to provide world-class infrastructure and

Decoding liquor norms

- New rules allow licensed hotels and restaurants operational flexibility
- External visitors can consume liquor at designated hotels with valid ID proof
- Allow licensed hotels and restaurants to serve alcohol anywhere within their premises, subject to regulations

services. Progressive steps like these make that possible," he said, adding that the move would boost investments, job creation, hospitality, MICE (meetings, incentives, conferences, and exhibitions) activity, and tax

revenues for the state.

In a recent notification issued by the home department, the Gujarat government amended earlier orders under the Gujarat Prohibition Act, 1949, expanding exemptions, simplifying permit procedures, and significantly widening access to licensed liquor facilities in GIFT City. The changes build on relaxations first introduced in December 2023, and subsequently modified in April 2025.

Under the revised framework, individuals working in or visiting GIFT City are exempted from several provisions of the Prohibition Act, while holders of FL III licences, issued to hotels and restaurants, are exempted from multiple provisions of both the Act and the Bombay Foreign Liquor Rules, 1953.

Sanjit Padhi, chief executive officer of the International Spirits and Wines Association of India (ISWAI), said the reform was a timely step that brings the operating environment closer to global standards. "From an industry perspective, these changes improve ease of doing business, allowing

legitimate players to operate more efficiently while contributing to economic growth and formal state revenues," he said.

He further added that the measures are expected to encourage investment and strengthen the hospitality and services ecosystem. "A regulated and transparent framework supports tourism, employment and sustained revenue generation, while enhancing India's competitiveness for global businesses."

Most notably, "external persons" — individuals from outside Gujarat or foreign nationals — can now consume liquor at designated hotels and restaurants within GIFT City simply by producing a valid photo identity card. This dispenses with the earlier requirement of obtaining temporary permits, which was widely viewed as cumbersome for business visitors.

Instead of being confined to a designated "wine and dine" zone, liquor can now be served and consumed in restaurants, lawns, pool-side areas, terraces, food and beverage zones, and hotel rooms. Liquor for rooms must be ordered

from FL III licence holders.

Employees working in GIFT City continue to require a Liquor Access Permit, issued after verification by an authorised official. Such employees can host up to 25 visitors, who may be issued temporary permits within GIFT City itself, provided the employee accompanies them. All consumers must be 21 years or older.

Licensed hotels and restaurants are permitted to serve alcohol anywhere within their premises, subject to strict compliance and record-keeping. Unconsumed liquor must be destroyed, and violations can lead to suspension or cancellation of licences. The licence fee remains ₹1 lakh, with a security deposit of ₹2 lakh.

Vinod Giri, director general of the Brewers Association of India, termed the policy as an acknowledgment of alcohol's role in social and business engagement. "Banning alcohol outright punishes responsible consumers and drives the trade underground," he said, arguing that prohibition narratives have lost relevance in modern economies.

Real estate developers expect rate cut to spur housing sales

Real estate developers expect improved housing affordability to support sales momentum across major Indian cities, aided by lower home-loan rates following the Reserve Bank of India's repo rate cuts. According to Knight Frank India's Affordability Index, affordability improved in seven of eight top cities in 2025, even as residential sales (for 9M 2025) dipped marginally year-on-year.

Ahmedabad remains the most affordable market, followed by Pune and Kolkata, while Mumbai saw a

notable improvement, breaching the 50 per cent stress threshold for the first time. NCR was the only market to see a slight decline in affordability due to premium-led price rises. Developers say easing rates, rising incomes, and stable macro conditions are sustaining demand. Knight Frank noted that, over the past few years, both weighted average prices and income levels have risen, even as home loan interest rates have followed the repo rate trajectory, which has declined 125 basis points this year. Sebi's Mumbai space quest ends, MMRDA allots BKC plot

VIKAS DHOOT & KHUSHBOO TIWARI
New Delhi/ Mumbai, 23 December

The stock market regulator's future expansion plans have got a fillip with the Mumbai Metropolitan Region Development Authority (MMRDA) allotting it a new plot close to its headquarters in Mumbai's tony financial hub, Bandra Kurla complex or BKC.

The Securities and Exchange Board of India (Sebi) had been on the lookout for a land parcel to ramp up its operations, overseeing India's fast-expanding securities market, for a while now. That quest has now ended with the MMRDA conveying to Sebi that it has decided to set aside a 4,000 square metre plot for the regulator for a sum of ₹800 crore, according to a

source aware of the development. The allotment is being done at a concessional rate offered to similar institutions.

"Sebi is building its capacity as it will require more space as well as resources going forward, especially with the proposed Securities Market Code mooted expedited timelines for carrying out investigations into market misconduct. The additional area near the headquarters will help create room for additional manpower and technological capacity to enhance surveillance and other core operations of the regulator," the source explained.

Currently, Sebi has two office premises in BKC, including its headquarters. Additionally, it has one office at Nariman Point in the

Sebi headquarters in Mumbai

financial capital, as per the regulator's annual report. The regulator may need to spend about ₹400 crore to ₹500 crore to construct the building and other facilities at the new plot. Sebi has over a thousand employees, nearly 92 per cent of whom sit at the head office while others are in regional offices in

Delhi, Chennai, Kolkata, and Ahmedabad.

Experts have also noted that once the Securities Market Code, 2025 is implemented, the market regulator need to strengthen its workforce further to cope with some of the new provisions like creating an Ombudsman to resolve investor grievances and the 180-day deadline mooted for probes into market entities and intermediaries.

Finance Minister Nirmala Sitharaman had introduced the Code in the recently concluded winter session, and it has been referred to the Standing Committee of Parliament on Finance.

Another source said that Sebi already has plans to invest more in human resources and technology

in a bid to hasten its investigations and processing of routine work.

The regulator has also laid out a plan to establish regional offices in cities like Lucknow, Hyderabad, Bengaluru, Jaipur, among others, as it seeks to enhance its regional presence at a time when the equity cult is spreading wider across India's States, including Tier-II and Tier-III cities and non-urban agglomerations.

Earlier this year in March, the MMRDA had allotted a plot at a prime location in BKC to the National Stock Exchange (NSE) for its expansion. BKC is home to major financial institutions in India — with offices of global banks, market entities, corporations and, of course, the market regulator.
